PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (I) unidentified facilities or tracking activity.

SUMMARY

25X1D

Pervomaysk Army Barracks South is situated on the southern edge of Pervomaysk, on the south side of the Kirovograd-Kotovsk rail line (Figure 1). An associated military training area is 7.5 kilometers (km) east-southeast.

This secured installation covers approximately 300 acres and includes 2 multistory administration buildings, 13 multistory barracks, 7 storage buildings, 62 quarters, 45 support buildings, 3 probably bunkered buildings, and 3 vehicle/equipment parks, with a total of 13 associated storage/maintenance buildings and a probable forge/foundry building. Immediately

south is a secured probable explosives storage area with 10 unrevetted storage buildings and 1 support building. The installation also includes 2 athletic fields and 1 small-arms firing range (Figures 2 and 3).

Comparative analysis revealed a medium level of usage over this period. Significant changes since [REDACTED] include the addition of 3 multistory barracks and 3 probable explosives storage buildings.

25X1D

DESCRIPTION OF INSTALLATION

Road Service

The installation is served by an all-weather road which connects to the Kirovograd-Kotovsk highway.

Administration and Troop Housing Areas

Area D1 contains 2 multistory administration buildings, 4 U-shaped multistory barracks, 7 multistory barracks, 2 storage buildings (1 separately secured), and 13 support buildings. Three barracks have been added since [REDACTED]. Trackage indicates probable occupancy of all buildings. The level of track activity has remained constant.

Area D2 contains 62 quarters, 2 multistory barracks, 2 storage buildings, and 4 support buildings.

General Storage Area

Area E contains 2 storage buildings and 10 small support buildings. Track activity indicates probable occupancy of all buildings. The level of track activity has remained constant.

Ammunition Storage Areas

Area F1 contains 10 storage buildings and

1 support building, all probably occupied. Three buildings have been added since [REDACTED].

Area F2 contains 3 bunkers and 1 support building.

Equipment Storage/Maintenance Area

Area J contains 3 vehicle/equipment parks, one 500 by 280 feet, one 340 by 280-400 feet, and one 340 by 220 feet; 3 equipment maintenance buildings, one 230 by 110 feet and two 230 by 75 feet; 10 equipment storage buildings, eight 230 by 75 feet, one 450 by 75 feet, and one 300 by 60 feet; 1 separately secured storage building; 1 probable forge/foundry building; and 16 support buildings. Heavy track activity indicates occupancy of all buildings. The level of track activity has remained constant.

Athletic Fields

Areas K1 and K2 are oval-shaped athletic fields.

Small-Arms Firing Range

Area L is a 340- by 100-foot small-arms firing range.
